during illness, being long accustomed to Ayurvedic treatment, the question of opening a Vaidyasala was brought up before the Jaffna Municipal Board, who resolved that one at a cost of Rs [illegible] per mensem may be established at Jaffna. The President however in requesting Sanction to the Board proposes recommends the reduction of the Contingencies from Rs 5 to Rs 3 a month. The entire cost being debitable to Municipal funds is proposed to be met during the current year by a reappropriation of the Sanctioned Budget grant of the Municipality, which [illegible] can afford to meet the additional cost amounting to Rs 180 per annum, as may be seen from the financial condition of the Municipal Board shown below:—

The ensuing year's budget of the Jagalur Municipality sanctioned and issued on the 9th Instant contains no provision on account of the Vaidyasala. Para 2 of the draft order has therefore to be altered. The charge may be ordered to be met by re-appropriation, if it be considered unnecessary to treat the charge as an additional Grant. The estimated closing balance for 1908-09 can admit of this charge.

Sir,

I have the honor to state that the inhabitants of the Jagalur town presented a petition in August last to the Vice President of that Municipality, praying that an Indigenous Hospital might be opened at Jagalur as owing to the close proximity of the town to the tank-bed, the place has become very unhealthy and many of the townspeople who are long accustomed to the Ayurvedic system of treatment do not attend the Local Fund Dispensary there when they fall sick. The question of opening a Vaidyasala at Jagalur was accordingly brought forward for discussion before the Jagalur Municipal Board, who fell convinced of the necessity for the establishment of an Institution and they accordingly

meeting held on 20th August 1907 and 30 January 1908 respectively and copies of the said resolutions are hereunto submitted for kind perusal

2 The town of Jagalur is situated in close proximity to the big tank at Jagalur which has rendered the place very unhealthy It is true that many of the patients unaccustomed to the western method of treatment, do not at all attend the Dispensary there They seem to have been long pressing for the location of a Vaidyasala in that place I consider that their representation deserves early consideration and therefore beg to recommend that their request may kindly be granted As the Municipal Board are willing to bear the cost of the said Institution from municipal funds I beg to propose that a Pandit on a monthly allowance of Rs 12/- with contingencies of Rs 3/- a month, may be sanctioned with effect from 1st March 08 tentatively for a period of 2 years, the cost

of the sanctioned amounts in the current

year's budget of that Municipality. On

receipt of Government sanction, I shall

secure the services of a Vaidu from

Mysore or elsewhere

I have the honor to be,

Sir,

Your most obedient servant,

President
